

CONTRACTOR AGREEMENT
REF: mz4wej8

This Contractor Agreement ("**Agreement**") is entered into as of August 1st, 2026 (the "**Effective Date**"), between:

Micro1 Inc., a United States company having its principal place of business at whose registered office is at 655 Montgomery St, San Francisco, United States, 94111, and email: accounting@micro1.ai, ("**Client**"), and

[Contractor entity name], having its principal place of business at [Contractor street], [Contractor city], [Contractor province], [Contractor zip], registered under the number [Contractor registration number] and email address: dtrejopizzo@gmail.com, ("**Contractor**" or "**You**") (collectively, the "**Parties**").

Client and Contractor desire to have Contractor perform services for Client, subject to and in accordance with the terms and conditions of this Agreement.

IMPORTANT: PLEASE REVIEW THIS SECTION CAREFULLY, AS IT WILL REQUIRE THE PARTIES TO RESOLVE DISPUTES ON AN INDIVIDUAL BASIS THROUGH BINDING ARBITRATION, EXCEPT AS PROVIDED BELOW. YOU MAY OPT OUT OF THIS ARBITRATION PROVISION BY FOLLOWING THE INSTRUCTIONS BELOW. THERE ARE AND/OR MAY BE LAWSUITS ALLEGING CLASS, COLLECTIVE, COORDINATED, CONSOLIDATED, AND/OR REPRESENTATIVE CLAIMS ON YOUR BEHALF AGAINST CLIENT. IF YOU DO NOT OPT OUT OF THIS ARBITRATION PROVISION, YOU ARE AGREEING IN ADVANCE, EXCEPT AS OTHERWISE PROVIDED BELOW, THAT YOU WILL NOT PARTICIPATE IN, AND WILL NOT SEEK OR BE ELIGIBLE TO RECOVER MONETARY OR OTHER RELIEF IN CONNECTION WITH, ANY SUCH CLASS, COLLECTIVE, COORDINATED, CONSOLIDATED, AND/OR REPRESENTATIVE LAWSUIT. THIS ARBITRATION AGREEMENT WILL ALLOW YOU TO BRING INDIVIDUAL CLAIMS IN ARBITRATION ON YOUR OWN BEHALF. YOU HAVE THE RIGHT TO CONSULT WITH LEGAL COUNSEL OF YOUR CHOICE CONCERNING THIS ARBITRATION AGREEMENT AND TO BE REPRESENTED BY COUNSEL AT ANY STAGE DURING THE ARBITRATION PROCESS.

NOW, THEREFORE, the parties agree as follows:

1. SERVICES

1.1. Statements of Work. From time to time, Client and Contractor may execute one or more statement(s) of work, substantially in the form attached hereto as Exhibit A, detailing the specific services to be performed by Contractor (as executed, a "**Statement of Work**"). Each Statement of Work will expressly refer to this Agreement, will form a part of this Agreement, and will be subject to the terms and conditions contained herein.

1.2. Performance of Services. Contractor will perform the services described in each Statement of Work (the "**Services**") in accordance with the terms and conditions set forth in

each Statement of Work and this Agreement. Unless otherwise agreed by Client, Contractor will determine, in Contractor's sole discretion, the manner and means by which the Services are accomplished, subject to the requirement that Contractor will at all times comply with applicable law and any compliance policies drawn to Contractors' attention.

1.3. Equipment and Facilities. Unless otherwise provided in a Statement of Work, Contractor will perform the Services at Contractor's offices or facilities, using Contractor's instruments, equipment and tools. Contractor will determine the time, place and order in which Contractor will perform the Services in accordance with any milestones and/or timeline set forth in a Statement of Work.

2. PAYMENTS

2.1. Fees. As Contractor's sole compensation for the performance of Services, Client will pay Contractor the fees specified in each Statement of Work in accordance with the terms set forth therein.

2.2. Expenses. Except as otherwise expressly provided in a Statement of Work or agreed in writing between the parties, Contractor will bear all costs and expenses incurred in performing the Services, including without limitation software subscriptions, artificial intelligence tools, cloud services, compute costs, infrastructure costs, equipment, and personnel costs.

2.3. Payment Terms. The payment terms will be set forth in the Statement of Work. The parties will use their respective commercially reasonable efforts to promptly resolve any payment disputes.

2.4. Client acknowledges that Contractor has appointed Deel, Inc, a Delaware registered company having its headquarters at 425 1st St, San Francisco, California, 94105-4621, United States ("**Deel**") as Contractor's limited payment agent for the purpose of facilitating the receipt of payments made by Client for services provided in connection with this Agreement and each Statement of Work using a payment method supported by Deel or by one of Deel's Payment Service Providers, and the disbursement of those payments to Contractor.

2.5. Client agrees to make all payments to Contractor using one of the payment methods supported by the Deel platform. Client and Contractor represent and warrant that they have carefully read, understood and accepted the Deel platform terms and conditions (the "**Deel Terms and Conditions**") available on the Deel's website (www.deel.com/terms). In the event of any conflict between this Agreement and the Deel Terms and Conditions, this Agreement will govern. Both parties acknowledge that acceptance of the Deel Terms and Conditions by each party is a precondition to entering into this Agreement.

3. CONFIDENTIAL INFORMATION

3.1. Definition of Confidential Information. For purposes of this Agreement, all information Client provides to Contractor whether or not such information is marked "confidential," all information pertaining to the Services performed by Contractor, all Contractor Work Product, Client's Intellectual Property, this Agreement, and all information regarding Client's business, including, without limitation, the identity of Client, will be deemed and treated as strictly confidential, non-public information ("**Confidential Information**") unless and until Client specifically authorizes Contractor in writing that any such information may be treated as public. Except as specifically required by law, Contractor may disclose Confidential Information only with Client's prior written consent. Contractor will have no authority to disclose Confidential Information except in accordance with this section. Information already or generally available to the public (other than as a result of Contractor's breach of these provisions) will not be considered Confidential Information.

3.2. Non-Use and Non-Disclosure. Contractor will not, during or subsequent to the term of this Agreement, use Client's Confidential Information for any purpose whatsoever other than the performance of the Services on behalf of Client. Contractor will neither deliver, reveal, nor report any Confidential Information obtained or created pursuant to this Agreement, to any federal, state or local government body or agency, or to any other person or entity, public or private, without (i) express prior written permission of Client, or (ii) a court or administrative order requiring disclosure. In the event that Contractor forms the opinion that it is required by applicable law to disclose any of Client's Confidential Information, or is served with a witness summons, subpoena, or court or administrative order requiring disclosure of any Confidential Information, Contractor will, prior to making such disclosure, immediately notify Client in writing, and will, in accordance with Client's direction, respond, appeal or challenge such witness summons, subpoena, or court administrative order, prior to disclosure, and will cooperate fully with Client in responding to, appealing or challenging any such witness summons, subpoena, or court or administrative order; except that this Section 3.3 will not apply where Contractor is required by law to disclose Client's Confidential Information without notice to Client. Contractor will not disclose any Confidential Information to any third party, nor will they use or allow the use of any Confidential Information, to further any private interest other than as contemplated by this Agreement. Contractor will take appropriate measures to ensure the confidentiality and protection of all Confidential Information and to prevent its disclosure or its inappropriate use by Contractor or its subcontractors, or by Contractor's or its subcontractors' respective employees or related entities. Contractor's obligations under this Section shall survive the expiration or termination of this Agreement.

3.3. Third Party Confidential Information. Contractor recognizes that Client has received and may receive in the future, confidential information of third parties, including customers of Client, subject to a duty on the Client's part to maintain the confidentiality of such information and to use it only for certain limited purposes. Contractor agrees (i) that Contractor owes any such third party, during the terms of this Agreement and thereafter, a duty to hold all such confidential or proprietary information in the strictest confidence; (ii) to treat any such third-party confidential information as if it was Client's Confidential Information; and (iii) not to disclose it to any person, firm, corporation or other entity or to

use it except as necessary in carrying out the Services for Client consistent with Client's agreement with such third party.

3.4. Former or Concurrent Client's Confidential Information. Contractor will not, during the term of this Agreement, improperly use, disclose, or induce Client to use any confidential information of any third party including, but not limited to, any former or concurrent client of Contractor.

3.5. Return of Materials. All documents and other tangible objects containing or representing Confidential Information and all copies thereof that are in the possession of Contractor will be and remain the property of Client, and Contractor will promptly return such Confidential Information and all copies thereof (including electronic copies) to Client upon termination or/and expiration of this Agreement or upon Client's earlier request, whichever the earlier. Contractor shall not keep any copies of the above materials, and once returned to Client in full, Contractor shall delete or destroy any copies which have remained in its possession.

3.6. Publicity Restriction. Contractor shall not use Client's name, trademarks, or logos in any manner, including without limitation in any press releases, marketing materials, website references, or other publicity, without Client's express prior written consent. Notwithstanding the foregoing, Contractor may state in a factual and non-misleading manner that Contractor is providing services to Client, provided that: (i) no confidential information is disclosed; (ii) no description of the services, scope of work, commercial terms, name of any of Client's customers or other details of the parties' relationship is included.

3.7. Protected Disclosures. Nothing in this Agreement, including this Section 3, prohibits Contractor from reporting a possible violation of law to, or otherwise cooperating with, any governmental or law-enforcement authority, making any disclosure protected under applicable whistleblower law, raising good-faith concerns about conduct Contractor reasonably believes to be unlawful, or receiving any related award.

4. DATA PROTECTION

4.1. To the extent that the nature of the Services requires Contractor to process Personal Data (as defined below), Contractor will process all Personal Data in accordance with, where and as applicable, the General Data Protection Regulation 2016/679 under European Union law ("**GDPR**") on data protection and privacy, the California Consumer Privacy Act ("**CCPA**"), data protection legislation of and all other applicable data protection laws (collectively, the "**Data Protection Laws**"). "**Personal Data**" will have the meaning set forth in Article 4 of the GDPR, or as such term is defined under the laws of any territory with jurisdiction over this Agreement related to the protection of Personal Data.

4.2. Contractor will comply with Client's reasonable instructions regarding Personal Data processing, implement appropriate technical and organizational measures to protect

against unauthorized or unlawful processing, loss, or damage, and process Personal Data only for the purposes of providing the Services. The parties will notify each other immediately of any suspected or confirmed Personal Data breach. Contractor will cooperate fully with Client's compliance obligations under Data Protection Laws, including subject access requests, breach notifications, impact assessments, and regulator consultations, and will promptly take any action Client requests to respond to a data subject's request for access, rectification, or erasure.

5. RELATIONSHIP OF THE PARTIES

5.1. Independent Contractor. Contractor's relationship with Client is solely that of an independent contractor acting as a service provider to Client, and not that of an employee, agent or partner of Client. This is not an employment agreement and Contractor is not an employee. Nothing in this Agreement creates, will create, or is intended to create, any employment, partnership, joint venture, or franchise relationship between Contractor and Client. Client does not, and has no right to, direct or control Contractor. Contractor retains sole discretion to decide whether and when (i) to provide services to Client; and (ii) to accept, decline, or ignore opportunities to perform services on any projects offered by Client. Contractor will not be entitled to any statutory benefits payable to employees or workers by law, or otherwise any benefits paid or made available by Client to its employees or workers, including, without limitation, any retirement or pension benefits, social security contributions, provident fund or gratuity payments; vacation, holiday, or illness payments; participation in any plans, arrangements or distributions made by Client pertaining to any bonus, stock options, profit sharing, insurance or similar benefits; or any other any end-of-service benefits payable to an employee or worker.

5.2. No Authority. Contractor is not Client's agent and has no authority to act on behalf of Client or enter into agreements that bind Client or create obligations on the part of Client without the prior written authorization of Client. Contractor will not hold itself out as being an employee, agent, partner or assignee of Client, as having any authority to bind Client or to incur any liability on behalf of Client, and will make such absence of authority clear in its dealings with any third parties.

5.3. Contractor Responsibility. Contractor will be solely responsible for (i) payment of all taxes, salaries, benefits, national insurance premiums, social security contributions, withholding taxes, workers' compensation, unemployment and disability insurance, and any other liability, deduction, contribution, assessment or claim arising from or made in connection with the performance of the Services required by any government agency or any other competent authority; and (i) compliance with all applicable labor and employment requirements with respect to Contractor's self-employment, sole proprietorship or other form of business organization. Contractor will report to all applicable government agencies as income all compensation received by Client pursuant to this Agreement.

5.4. Indemnification by Contractor. Contractor will indemnify and hold Client harmless from and against all damages, liabilities, losses, penalties, fines, expenses and costs

(including reasonable fees and expenses of attorneys and other professionals) ("**Losses**") arising out of or relating to any obligation imposed by any government authority and/or court of law on Client to pay any withholding taxes, social security, unemployment or disability insurance, employees' retirement and/or pension benefits or similar items in connection with compensation received by Contractor pursuant to this Agreement.

5.5. Non-Solicitation of Personnel. During the term of this Agreement and for a period of one (1) year thereafter, Contractor will not directly or indirectly solicit the services of any of Client's employees, workers or contractors for Contractor's own benefit or for the benefit of any other person or entity. Client will not directly or indirectly solicit Contractor's employees for Client's own benefit or for the benefit of any other person or entity or attempt to induce such employees, workers or contractors to terminate their employment/contract (whichever relevant) with Contractor.

5.6. Contractor Data Privacy. Client will collect and process Contractor's Personal Data in accordance with its privacy notice and applicable laws. Contractor understands and agrees that Client may carry out monitoring of the client communication tools used by Contractor to prevent, detect or investigate any possible wrongdoing or non-compliance with Client's practices and procedures. Contractor also consents to the installation and use of activity-tracking software on Contractor's personal devices.

6. OWNERSHIP

6.1. Disclosure of Work Product. Contractor will promptly disclose to Client in writing all inventions, works of authorship, designs, know-how, and other materials that Contractor makes, conceives, develops, or reduces to practice, alone or with others, during the term of this Agreement that relate to or arise from performing the Services (collectively, "Contractor Work Product"), including all deliverables Contractor is to provide to Client. "Contractor Work Product" does not include Licensed Data (Section 6A), which is governed by that Section's license provisions.

6.2. Ownership of Contractor Work Product. All Contractor Work Product is the sole and exclusive property of Client. Contractor irrevocably transfers and assigns to Client all right, title, and interest in Contractor Work Product, including all worldwide patent, copyright, trade secret, trademark, and other intellectual property rights therein. At Client's request and expense, Contractor will execute documents and take further action reasonably requested by Client to perfect, maintain, and enforce these rights, and appoints Client's officers as Contractor's attorney-in-fact for this limited purpose.

6.3. Moral Rights. To the fullest extent permitted by applicable law, Contractor irrevocably assigns to Client, and waives and agrees never to assert, any Moral Rights Contractor may have in any Contractor Work Product, during and after the term of this Agreement. "Moral Rights" means any right of attribution or integrity, or any similar right, existing under the law of any jurisdiction or under any treaty, however denominated.

6.4. Related Rights. To the extent Contractor owns or controls any intellectual property rights that may be required for Client to exercise the rights assigned under this Agreement ("Related Rights"), Contractor grants Client a non-exclusive, royalty-free, irrevocable, perpetual, worldwide, sublicensable license to exercise such Related Rights to the extent necessary for that purpose.

6.5. Contractor-Captured Data; Consents and Releases. Contractor acknowledges and agrees that the Contractor Work Product may include data, images, photographs, stills, video, audio, voice, biometric data (including without limitation voiceprints, facial geometry, and other physiological or behavioral identifiers), and other recordings or reproductions of Contractor and of Contractor's own voice, image, likeness, name, persona, and performance, as well as motion data, robotics interaction data, sensor data, environmental data, behavioral data, and any related metadata or contextual information, in each case collected or generated in connection with Contractor's performance of the Services (collectively, "**Contractor-Captured Data**"). To the extent the Services involve Contractor capturing, recording, or generating any Contractor-Captured Data, Contractor hereby grants Contractor's informed, irrevocable consent to the collection, recording, use, reproduction, modification, adaptation, manipulation, distortion, publication, distribution, public display and performance, sublicensing (through multiple tiers), and other exploitation of such Contractor-Captured Data by Client, its affiliates, and its customers and end users, in any and all media now known or hereafter devised, for any purpose contemplated by this Agreement, including without limitation the collection, use, and licensing of such data and its use to develop, train, fine-tune, test, benchmark, evaluate, and improve artificial intelligence and machine learning models and related products and services, including without limitation the training, development, and improvement of voice cloning, synthetic voice, and speech-generation models that reproduce or simulate Contractor's voice. Contractor confirms that such consent is given with informed understanding of the nature of the intended uses, including AI training and adversarial testing, and that no additional compensation beyond the fees provided in this Agreement is or will become due in respect of such uses. Contractor further acknowledges that biometric identifiers and biometric information (including voiceprints and other data derived from Contractor's voice or physical characteristics) may be subject to specific legal requirements in certain jurisdictions, including without limitation the Illinois Biometric Information Privacy Act, the Texas Capture or Use of Biometric Identifier Act, and the Washington Biometric Privacy Act, and Contractor's consent under this Section 5.8 is intended to constitute the written release, consent, or authorization required under any such law to the fullest extent permitted by applicable law. Client will retain biometric identifiers and biometric information only for as long as reasonably necessary to accomplish the purposes described in this Section 5.8, will implement reasonable administrative, technical, and physical safeguards to protect such data, and will destroy such data promptly after the retention purpose has been satisfied, in each case as required by applicable laws.

6.6. License and Waiver of Likeness and Personal Rights. To the extent any right, title, or interest in or to Contractor-Captured Data (including any right of publicity, right of privacy,

or similar right in Contractor's voice, image, likeness, name, or persona) is not, or cannot be, assigned to Client under Section 5.8, Contractor hereby grants to Client and its successors, assigns, customers, and licensees a perpetual, irrevocable, worldwide, royalty-free, fully paid-up, transferable, and sublicensable (through multiple tiers) right and license to use, reproduce, modify, distort, adapt, distribute, publicly display and perform, create derivative works of, and otherwise exploit such Contractor-Captured Data and Contractor's voice, image, likeness, name, and persona for the purposes described in Section 5.8. To the fullest extent permitted by applicable law, Contractor irrevocably waives, and agrees not to assert, any right of publicity, right of privacy, Moral Rights, and any similar right with respect to such uses, and waives any right to inspect or approve any use of the Contractor-Captured Data. To the extent any such right cannot be waived under applicable law, Contractor consents to any act or omission that would otherwise infringe such right.

6A. LICENSED DATA

6A.1. To the extent Contractor Work Product includes materials not originally created for Client, or a Statement of Work requires Contractor to source such materials — including Contractor's pre-existing materials or third-party materials (collectively, "Licensed Materials") — those materials are governed by this Section 6A rather than Section 6's assignment provisions. Licensed Materials may include audio, video, images, text, databases, datasets, software, or other digital content, whether owned by Contractor or obtained from third parties.

6A.2. License Grant. Contractor grants Client and its affiliates a worldwide, royalty-free, irrevocable, perpetual, sublicensable license to reproduce, distribute, create derivative works from, and otherwise use and exploit the Licensed Data, and to grant Client's customers and end users the same rights, including to develop and improve products and services, perform benchmarking, and train artificial intelligence ("AI") and machine learning models. This Agreement does not restrict Client from obtaining data from other sources.

6A.3. Manipulation Rights. Client's license includes the right to manipulate, modify, edit, and create synthetic or derivative versions of the Licensed Data — including any individual's likeness or audio-visual content contained in it — for purposes including training, fine-tuning, and adversarial testing of AI and machine learning models.

6A.4. Retained Rights. Contractor and its suppliers retain all intellectual property rights in any protectable elements of the Licensed Data, subject to Client's license above. This Agreement does not affect either party's independent rights, including fair use rights under applicable law. Client retains all right, title, and interest in its and its affiliates' products and services, and in any derivatives, modifications, and improvements of the Licensed Data.

6A.5. Review and Approval. Licensed Data is subject to Client's review and approval, including as to quality, accuracy, and usability. If Client rejects any Licensed Data as deficient, Contractor will use reasonable efforts to cure and resubmit it, and Client owes no fees for rejected Licensed Data. Acceptance does not waive any right or claim Client may have with respect to the Licensed Data.

6A.6. Survival of License. Client's rights to Licensed Data delivered before termination or expiration of this Agreement survive perpetually.

7. WARRANTIES

7.1. Age and Authority. Contractor represents and warrants that Contractor is at least eighteen (18) years of age and has full right, power, and authority to enter into and perform this Agreement.

7.2. No Pre-existing Obligations. Contractor represents and warrants that Contractor has no obligations or commitments that conflict with, or would hinder, Contractor's performance under this Agreement, and is not currently employed by any foundational model company or other AI research or development organization.

7.3. Performance Standard and Compliance. Contractor will perform the Services professionally and in a manner consistent with the highest industry standards.

7.4. Non-Infringement. Contractor represents and warrants that Contractor Work Product (inclusive of the Contractor-Captured Data and Licensed Data) do not and will not infringe, misappropriate, or violate any third party's proprietary rights, including intellectual property, privacy, or publicity rights, except to the extent supplied by Client or a third party on Client's behalf.

7.5. Sanctions and Anti-Corruption. Contractor represents and warrants that neither Contractor nor, to the extent applicable, any of its owners, directors, officers, employees, or subcontractors is: (a) an individual or entity that is the target of any economic or trade sanctions administered or enforced by the United States (including the U.S. Department of the Treasury's Office of Foreign Assets Control (OFAC)), the United Nations Security Council, the European Union, the United Kingdom, or any other applicable governmental authority (collectively, "Sanctions"), or is otherwise identified on any sanctions or denied- or restricted-parties list; (b) located, organized, or resident in any country or territory that is itself the target of comprehensive Sanctions; or (c) a politically exposed person, or an immediate family member or known close associate of a politically exposed person.

7.6. Accuracy of Information. Contractor represents and warrants that all information Contractor has provided or will provide to Client is and will be true, accurate, complete, and not misleading. Contractor will promptly notify Client and correct any such information if it becomes inaccurate, incomplete, or misleading.

7A. ADDITIONAL WARRANTIES RELATING TO LICENSED DATA

The warranties set forth in this Section 7A apply to the extent Contractor provides Licensed Data to Client pursuant to a Statement of Work. Sections 7A.2, 7A.4, and 7A.5 also apply to any video, audio, image, or other recording that Contractor creates or captures in performing the Services, whether or not it constitutes Licensed Data.

7A.1. All Necessary Rights. The Licensed Data was independently created by Contractor, or Contractor has procured all rights, consents, and licenses necessary to grant Client the rights under this Agreement, without requiring any further payment, attribution, or permission from any third party.

7A.2. Depicted Individual Rights and Releases. For each individual whose likeness, image, voice, persona, or other personal attributes appear in or are identifiable from the Licensed Data (each, a "Depicted Individual"), Contractor has obtained a valid, irrevocable, written release, consent, or equivalent authorization (each, a "Release") that authorizes Client and its customers to use, reproduce, modify, distort, publish, distribute, sublicense, and otherwise exploit that Depicted Individual's likeness, image, voice, persona, and personal attributes for the purposes contemplated by this Agreement, including training, testing, and improving AI and machine learning models and creating derivative works. Each Release includes a complete, irrevocable waiver of any Moral Rights and any right of publicity or privacy that would otherwise be infringed by such uses or, to the extent any such right cannot be waived under applicable law, consent to any act or omission that would otherwise infringe it. Contractor will provide copies of Releases upon Client's request and retain them for at least seven (7) years after termination or expiration of this Agreement.

7A.3. No Third-Party Terms Obligations. The Licensed Data is not subject to, and was not created, collected, or processed in violation of, any third-party terms, and Client's licensed use of the Licensed Data will not violate any third-party terms.

7A.4. No Harmful Material. The Licensed Data does not contain: (a) unlawful, libelous, or defamatory material; (b) private, confidential, or personal information disclosed without proper authorization or consent; (c) obscene, indecent, or pornographic material, unless otherwise agreed in the applicable Statement of Work; or (d) viruses, malware, or other harmful or destructive code.

7A.5. Compliance with Laws. Contractor's collection, processing, storage, use, and transmission of Licensed Data complies, and will continue to comply, with all applicable laws and regulations, including those governing recordings, data privacy and protection, and cross-border data transfers.

7A.6. No Litigation. There is no pending or threatened claim relating to the Licensed Data, including any claim that it infringes, violates, or misappropriates any third party's rights. Contractor will notify Client immediately if it becomes aware of any such claim.

7A.7. Data Sourcing Practices. The Licensed Data was not obtained through web scraping, crawling, automated harvesting, or other unauthorized means, and was not obtained in violation of any third party's terms of service or acceptable use policy.

7A.8. No Synthetic or AI-Generated Content. The Licensed Data does not include AI-generated, synthesized, or deepfake content unless expressly identified and disclosed in the

applicable Statement of Work.

7A.9. Recording Consents and Notices. Contractor represents and warrants that any video or audio recording made in performing the Services was made with all consents and notices required under applicable wiretapping, recording, biometric privacy (including facial or voice recognition), and data protection laws, including any all-party consent required for audio recording under the laws of the relevant jurisdiction. Contractor further represents and warrants that they have obtained any permission or consent required from the owner or controller of any third-party-controlled property before filming, recording, or capturing data at that location, and comply with all rules and restrictions imposed by that owner or controller.

8. TERM AND TERMINATION

8.1. Term. This Agreement will commence on the Effective Date and will remain in full force and effect so long as an active Statement of Work remains in effect between the parties and unless and until terminated in accordance with the terms of this Agreement.

8.2. Termination for Breach. Except as provided below, either party may terminate this Agreement (including all Statements of Work) if the other party breaches any material term of this Agreement and fails to cure such breach within 5 business days following a written notice thereof from the non-breaching party. Client may terminate this Agreement (including all Statements of Work) with immediate notice and with no liability to make any further payments to Contractor (other than in respect of amounts accrued before the termination date) if at any time Contractor commits any gross negligence or intentional misconduct affecting the business of Client, including but not limited to breaches of confidentiality, acts of fraud or dishonesty, and material breaches of Client's conduct-related rules and policies (including relating to bribery, corruption, tax evasion, data protection, equality and diversity, anti-harassment, and health and safety).

8.3. Termination for Convenience. Client may terminate this Agreement (including all Statements of Work), or any individual Statement of Work, at any time and effective immediately upon written notice to Contractor, for any lawful reason or for no reason. Contractor may terminate this Agreement (including all Statements of Work) at any time, without assigning any reason, upon at least 5 business days' prior written notice to Client.

8.4. Termination of Deel Terms and Conditions. This Agreement will automatically terminate upon termination of the Deel Terms and Conditions by either party, or in the event that Deel terminates Client's or Contractor's use of the Deel platform for any reason.

8.5. Effect of Termination. Upon the expiration or termination of this Agreement for any reason: (i) Contractor will promptly deliver to Client all Contractor Work Product, including all work in progress on any Contractor Work Product not previously delivered to Client, if any, including any electronic copies thereof; (ii) Contractor will promptly deliver to Client all Confidential Information in Contractor's possession or control, including any electronic

copies thereof; and (iii) Client will pay Contractor any accrued but unpaid fees due and payable to Contractor pursuant to Section 2.

8.6. Survival. Any provision of this Agreement that by its nature or express terms is intended to survive expiration or termination will survive, including provisions relating to ownership, licenses, payment obligations, confidentiality, data rights and restrictions, security, representations and warranties, indemnification, limitations of liability, dispute resolution, and general interpretive or enforcement provisions. Such provisions will survive for the maximum period permitted under applicable law. For clarity, upon any expiration or termination of this Agreement, Client's rights to any Licensed Data delivered before the effective date of expiration or termination will remain perpetual in accordance with the terms of this Agreement.

9. INDEMNIFICATION; LIMITATION OF LIABILITY

9.1. In addition to Contractor's indemnification obligations under Section 5, Contractor will indemnify, defend (at Client's option), and hold harmless Client, its affiliates, and their respective officers, directors, employees, and agents from all claims, losses, liabilities, damages, costs, and expenses (including reasonable attorneys' fees) arising from: (a) Contractor's breach of its representations, warranties, or obligations under this Agreement (b) any claim that the Licensed Data or Client's authorized use of it infringes, misappropriates, or violates any third party's intellectual property, privacy, or publicity rights, including any claim by a Depicted Individual; or (c) Contractor's gross negligence, fraud, or willful misconduct.

9.2. Nothing in this Agreement will exclude or limit either party's liability for losses incurred by the other party resulting from: death or personal injury due to the willful intent, gross negligence of the other party or that of their employees, affiliates or subcontractors; a party's fraud or fraudulent misrepresentation; a Contractor breach of the warranties under Section 7; a Contractor breach of the confidentiality obligations under Section 3; or a party's breach of applicable law.

9.3. IN NO EVENT WILL EITHER PARTY BE LIABLE FOR ANY SPECIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL DAMAGES OF ANY KIND IN CONNECTION WITH THIS AGREEMENT, EVEN IF THE PARTY HAS BEEN INFORMED IN ADVANCE OF THE POSSIBILITY OF SUCH DAMAGES. EXCEPT AS OTHERWISE SET FORTH IN THIS SECTION, EACH PARTY'S MAXIMUM AGGREGATE LIABILITY WILL NOT EXCEED THE AMOUNT PAID TO CONTRACTOR IN THE TWELVE MONTHS PRECEDING THE DATE ON WHICH THE CLAIM AROSE.

10. PROJECT SPECIFIC TERMS

10.1. Hardware Specific Terms. To the extent Contractor receives hardware owned by or provided on behalf of the Client ("**Hardware**"), Contractor shall use such Hardware solely for the purpose of performing Services under this Agreement. Contractor shall maintain the

Hardware in good working order and shall protect it from loss, theft, or damage, reasonable wear and tear excepted. Contractor shall not alter, modify, tamper with, or use the Hardware for any personal or non-Client purpose. Contractor shall return all Hardware within five (5) days of (i) Client's written request or (ii) the termination or expiration of this Agreement, whichever occurs first. Hardware must be returned in substantially the same condition as received, reasonable wear and tear excepted. Failure to timely return Hardware may result in Contractor being liable for the full replacement cost, which Client may deduct from amounts otherwise payable to Contractor or invoice directly. Contractor shall be financially responsible for any loss, theft, damage, or destruction of the Hardware while in Contractor's possession or control, excluding normal wear and tear. Contractor agrees that Client may withhold payments, issue invoices, or pursue any other legal or equitable remedies available to recover costs associated with lost, stolen, or damaged Hardware.

10.2. Assumption of Physical Risk. To the extent Contractor performs Services involving in-person or physical participation in AI training, testing, or related activities, Contractor voluntarily assumes all risks of injury, illness, or harm arising from such participation. Contractor agrees that Client shall not be liable for any injury, loss, or damage sustained in connection with such activities, whether arising from negligence or otherwise, to the maximum extent permitted by applicable law.

10.3 Third-Party Software, AI Tools, and Agentic Technology. To the extent Contractor elects or is required to access, install, configure, or use any third-party software, platform, application, artificial intelligence tool, agentic tool, model, plug-in, integration, or other technology in connection with the Services ("Third-Party Technology"), Contractor is solely responsible for evaluating, procuring, installing, configuring, using, monitoring, and maintaining such Third-Party Technology in its own environment.

Client does not control and is not responsible for any Third-Party Technology, including its availability, functionality, accuracy, security, performance, outputs, recommendations, decisions, actions, failures, or consequences of use. Contractor is solely responsible for determining whether any Third-Party Technology is appropriate for Contractor's environment and for ensuring that its use complies with applicable law, Contractor's obligations to Client, and any applicable third-party terms.

Any terms governing Contractor's use of Third-Party Technology are solely between Contractor and the applicable third-party provider. Client will not be responsible for any claims, liabilities, losses, damages, costs, or expenses arising out of or relating to Contractor's access to, installation of, configuration of, use of, reliance on, or inability to use any Third-Party Technology, including any actions, omissions, outputs, or recommendations generated by such Third-Party Technology.

Contractor acknowledges that Third-Party Technology providers may collect, use, process, store, disclose, analyze, or train on data or other information submitted to, collected through, or generated by such Third-Party Technology, subject to the applicable provider's terms and policies. Contractor is solely responsible for reviewing and accepting those terms and policies and for ensuring that no Client Confidential Information, Client Data, personal information, biometric information, or other regulated or sensitive information is submitted

to or processed by any Third-Party Technology except as authorized by Client in writing and permitted under this Agreement.

11. ARBITRATION AGREEMENT

11.1 Covered Claims. Except as provided in the Delegation Clause in Section 11.2 below, the parties agree that any and all controversies, claims, grievances, or disputes that they may have against each other (collectively, "claims"), past, present or future, including claims in any way arising out of, relating to, or resulting from this Agreement and any attachments thereto, or from prior versions of any agreement and any attachments thereto between Contractor and Client, including but not limited to Contractor's entry into the Agreement, the termination of the Agreement, Contractor's provision of services under the Agreement, Contractor's relationship with Client, or Contractor's classification as an independent contractor, will be resolved through binding individual arbitration between Contractor and Client (the "Covered Claims"). For the avoidance of doubt, such Covered Claims include any claims Contractor may have against Client or against Client's officers, directors, supervisors, managers, employees, or agents in their capacity as such or otherwise, or that Client may have against Contractor or Contractor's agents or assigns. Notwithstanding Contractor's independent contractor relationship with Client, the claims covered by this Arbitration Agreement include, but are not limited to, claims for breach of any contract or covenant (express or implied), tort claims, misclassification, claims for wrongful termination (constructive or actual) in violation of public policy, claims for discrimination or harassment (including, but not limited to, harassment or discrimination based on race, sex, gender, religion, national origin, age, marital status, medical condition, psychological condition, mental condition, disability, or sexual orientation), claims for violation of any federal, state, or other governmental law, statute, regulation, or ordinance, including, but not limited to, all claims arising under Title VII of the Civil Rights Act, the Age Discrimination in Employment Act, the Americans With Disabilities Act, the California Fair Employment and Housing Act, the Consolidated Omnibus Budget Reconciliation Act of 1985, and Employee Retirement Income Security Act. Notwithstanding Contractor's independent contractor relationship with Client, the parties specifically agree that all claims under the California Labor Code, including, but not limited to, claims for overtime, unpaid wages, and claims involving meal and rest breaks, and all claims under any state or local law, statute, ordinance, or regulation that arise out of or relate to this Agreement or the allegation that Contractor is misclassified as an independent contractor shall be Covered Claims subject to this Arbitration Agreement. This Arbitration Agreement survives after Contractor's relationship with Client ends. With respect to all such Covered Claims, the parties hereby expressly agree to waive, and do waive, any right to a trial by jury.

Notwithstanding Contractor's independent contractor relationship with Client, claims not covered by this Arbitration Agreement include claims for: temporary, preliminary or interim injunctive relief related to the period before the selection of an Arbitrator (including temporary restraining orders or preliminary injunctions); workers' compensation; unemployment compensation benefits; individual claims of sexual assault or sexual harassment occurring in connection with Contractor's provision of services under the Agreement; administrative charges for unfair labor practices brought before the National

Labor Relations Board; any claims that cannot be arbitrated under the Sarbanes-Oxley Act; or any other claims that, as a matter of law, the parties cannot agree to arbitrate. Notwithstanding Contractor's independent contractor relationship with Client, nothing in this Arbitration Agreement shall be interpreted to mean that Contractor is precluded from filing complaints with the California Department of Fair Employment and Housing and/or federal Equal Employment Opportunity Commission, U.S. Department of Labor, U.S. Securities and Exchange Commission, National Labor Relations Board, or Office of Federal Contract Compliance Programs. Such claims may be brought and litigated in a court of competent jurisdiction by Contractor on an individual basis only. On an individual basis means that Contractor cannot bring such claims as a class, collective, coordinated, consolidated, mass and/or representative action against Client, absent an express written agreement by the parties. This precludes Contractor from bringing claims or participating in any kind of class, collective, coordinated, consolidated, mass and/or representative action against Client, and no action brought by Contractor against Client may be consolidated or joined in any fashion with any other proceeding, absent an express written agreement by the parties.

11.2 Delegation Clause. Only an Arbitrator, and not any federal, state, or local court or agency, shall have exclusive authority to resolve any dispute arising out of or relating to the interpretation, applicability, enforceability, or formation of this Arbitration Agreement, including without limitation any claim that all or part of this Arbitration Agreement is void or voidable. An Arbitrator shall also have exclusive authority to resolve all threshold arbitrability issues. However, only a court of competent jurisdiction, and not an Arbitrator, shall have exclusive authority to resolve any and all disputes arising out of or relating to the Class and Representative Action Waiver in Section 11.4—including, but not limited to, any claim that all or part of the Class and Representative Action Waiver is unenforceable, unconscionable, illegal, void, or voidable, or that a breach of either such Waiver has occurred.

11.3 Impact on Pending Litigation. This Arbitration Agreement shall not affect Contractor's ability to participate in any litigation brought against Client by Contractor or on Contractor's behalf that is pending in a court of competent jurisdiction or in arbitration as of the date of Contractor's execution of this Arbitration Agreement ("**pending litigation**"). Accordingly, (1) if Contractor is or previously was subject to a prior Agreement with Client, and at the time of their receipt of this Arbitration Agreement was not bound by an existing arbitration agreement with Client, Contractor shall remain eligible to participate in any pending litigation to which they were a party or putative class, collective, or representative action member, regardless of whether Contractor opts out of this Arbitration Agreement; (2) if, at the time of Contractor's receipt of this Arbitration Agreement, Contractor was bound by an existing arbitration agreement with Client, that arbitration agreement will continue to apply to any pending litigation, even if Contractor opts out of this Arbitration Agreement; and (3) if, at the time of Contractor's receipt of this Arbitration Agreement, Contractor was not previously subject to an Agreement with Client, this Arbitration Agreement will apply to Covered Claims and any pending litigation, unless Contractor validly opts out of this Arbitration Agreement, as set forth below.

11.4 Class and Representative Action Waiver. Any and all Covered Claims, disputes, or controversies between the parties shall be resolved only through individual arbitration, and not on a representative basis. Contractor and Client expressly intend and agree that: (a) the parties' right to have any Covered Claim, dispute, or controversy brought, adjudicated, administered, or resolved as a class, collective, coordinated, and/or representative action, including but not limited to claims brought under any state's private attorneys general act or any similar statute providing for a private litigant to bring an enforcement action on behalf of the state, is hereby waived and shall not be asserted, nor will it apply in any arbitration pursuant to this Arbitration Agreement; (b) neither party will assert class, collective, coordinated, and/or representative action claims against the other in arbitration or otherwise; and (c) each party shall only submit their own individual claims in arbitration and will not seek to represent the interests of any other person. The parties also expressly waive the right to seek, recover, or obtain any non-individual relief. Notwithstanding these terms, this Arbitration Agreement does not prevent Contractor or Client from participating in a classwide, collective, and/or representative settlement of claims. Neither an Arbitrator nor an arbitration provider shall have authority to hear, arbitrate, or administer any class, collective, coordinated, or consolidated action, or to award relief to anyone but the individual in arbitration, except as specified in Section 11.10.

The parties further agree that if, for any reason, a claim, or any part of a claim or request for relief, does not proceed in arbitration, this Class and Representative Action Waiver shall remain in effect, and a court may not preside over any action consolidating or joining the claims of multiple individuals against Contractor or Client in a single proceeding. If there is a final judicial determination that any portion of this Class and Representative Action Waiver is unenforceable or unlawful for any reason, (i) any class, collective, coordinated, consolidated, and/or representative action subject to the unenforceable or unlawful portion(s) shall proceed in a court of competent jurisdiction, but any portion of any claim(s) or request(s) for relief that are subject to arbitration on an individual basis shall proceed in arbitration, and the parties agree that any remaining portions of those claim(s) or requests for relief, as well as any other non-arbitrable claim(s) or requests for relief, shall be stayed in court pending the completion of arbitration; (ii) the portion of the Class and Representative Action Waiver that is enforceable shall be enforced in arbitration, the unenforceable or unlawful portion(s) shall be severed from this Arbitration Agreement, and the severance of the unenforceable or unlawful portion(s) shall have no impact on the enforceability, validity, or applicability of this Arbitration Agreement or the arbitrability of any remaining claims asserted by either party. For the avoidance of doubt, the merits of a claim shall be bifurcated from other portions of the claim, including remedies or requests for relief, to give maximum effect to this Arbitration Agreement and to facilitate the arbitration of any portion of any claim that may be arbitrated on an individual basis.

11.5 Application to Third Parties. This Arbitration Agreement shall be binding upon, and shall include any claims brought by or against any third parties, including but not limited to Contractor's agents, spouses, heirs, and third-party beneficiaries or assigns, and any parent companies, subsidiaries, affiliates, representatives, officers, directors, and third-party

beneficiaries or assigns of Client (each of which may enforce this Arbitration Agreement as third-party beneficiaries), where the underlying claims arise out of or relate to the Agreement, Contractor's provision of services under the Agreement, or Contractor's relationship with Client. To the extent that any third-party beneficiary to this Agreement brings claims against the parties, or the parties bring claims against any such third-party beneficiary, those claims shall also be subject to this Arbitration Agreement.

11.6 Arbitration Procedure.

(a) The parties agree that good-faith informal efforts to resolve disputes often can result in a prompt, low-cost, and mutually beneficial outcome. The parties therefore agree that, before either party demands arbitration against the other, they will personally meet and confer, via telephone or videoconference, in a good-faith effort to resolve informally any claim covered by this Arbitration Agreement. Multiple individuals initiating claims cannot participate in the same informal telephonic dispute resolution conference. Unless the parties agree otherwise in writing, if Contractor is represented by counsel, their counsel may participate in the conference, but Contractor shall also appear and fully participate in the conference. At least one representative of Client (who may be Client's in-house counsel) shall attend each conference on behalf of Client, unless the parties agree in writing to permit Client to be represented at the conference solely by outside counsel. The party initiating a claim must give notice to the other party in writing of their intent to initiate an informal dispute resolution conference, which shall occur within sixty (60) days after the other party receives such notice, unless an extension is mutually agreed upon by the parties.

Written notice that Contractor intends to initiate an informal dispute resolution conference shall be mailed by certified or registered mail, return receipt requested, to Client c/o General Counsel at 655 Montgomery St, Suite 1705, San Francisco, CA 94111 or to legal@micro1.ai ("Notice Address"). Written notice of Client's intent to initiate an informal dispute resolution conference will be mailed by certified or registered mail, return receipt requested, to the last known address of Contractor. The written notice shall identify and describe the nature of all claims asserted and the facts upon which such claims are based. Written notice shall be initiated within the applicable statute of limitations for the claim(s). Engaging in an informal dispute resolution conference is a condition precedent that must be fulfilled before commencing arbitration, and the Arbitrator shall dismiss any arbitration demand filed before the completion of an informal dispute resolution conference. The statute of limitations and any filing fee deadlines shall be tolled while the parties engage in the informal dispute resolution process required by this section.

(b) To commence arbitration following the conclusion of the informal dispute resolution process required by Section 11.6(a), the party bringing the claim must file the written demand for arbitration with JAMS and serve a copy of the demand for arbitration on the other party as set forth in Section 11.6(a) and by email to any counsel who represented that party in the informal dispute resolution process. By filing the arbitration demand with JAMS, the party bringing the claim in arbitration certifies that the demand complies with Rule 11 of the Federal Rules of Civil Procedure and any applicable state law equivalent.

The parties agree to conduct arbitration before JAMS and that the JAMS Comprehensive Arbitration Rules & Procedures and, as applicable, Mass Arbitration Procedures and Guidelines will apply to the arbitration. The JAMS rules are available at www.jamsadr.com/adr-rules-procedures, or by calling JAMS at 1-800-352-5267. However, any conflict between the JAMS Rules and this Arbitration Agreement—including, but not limited to, whether any arbitration may proceed on an individual basis—will be resolved in favor of this Arbitration Agreement, such that this Arbitration Agreement governs. If, for any reason, JAMS will not administer the arbitration, and the parties cannot mutually agree on a neutral arbitration provider, either party may invoke 9 U.S.C. § 5 to request that a court of competent jurisdiction appoint an arbitration provider with operations in the state where Contractor last provided services. Any arbitration provider appointed by a court under 9 U.S.C. § 5 shall conduct arbitration solely on an individualized basis. Once an arbitration provider is appointed under 9 U.S.C. § 5, or the parties mutually agree on a neutral arbitration provider, the arbitration shall be conducted pursuant to the rules of the designated arbitration provider. However, any conflict between the arbitration provider's rules and this Arbitration Agreement—including, but not limited to, whether any arbitration may proceed on an individual basis—will be resolved in favor of this Arbitration Agreement, such that this Arbitration Agreement governs.

11.7 Arbitrator. The Arbitrator shall be selected as provided in the JAMS Rules and Procedures. The Arbitrator must be a judge, retired judge, or attorney licensed to practice in the state where Client most recently contracted with Contractor. Unless agreed to by the parties, the Arbitrator must reside in the county in which the arbitration is to take place. If the parties are unable to agree upon an Arbitrator, then JAMS will appoint the Arbitrator in accordance with its Rules. If the parties reach agreement on an Arbitrator not affiliated with JAMS or to use procedures either not specified or in lieu of the JAMS Rules (as modified by this Arbitration Agreement), any such agreement shall be memorialized in writing before arbitration is commenced. The Arbitrator shall be authorized to afford any relief or impose any sanctions available under Federal Rule of Civil Procedure 11 or any applicable state law equivalent. The Arbitrator may award relief only in favor of the individual claimant and only to the extent necessary to provide relief warranted by the claimant's individual claim. Under no circumstances is the Arbitrator bound by decisions reached in separate arbitrations. The Arbitrator's decision, including any decision by a Special Master (as applicable), shall be binding only upon the parties to the arbitration that are the subject of the decision, and shall not be binding or have any preclusive effect on any other arbitration or proceeding, except as specified in Section 11.10.

11.8 Location of Arbitration. The parties will conduct the arbitration, including the hearing, if any, in the county or city where Contractor provided services under the Agreement, unless the parties otherwise agree.

11.9 Discovery. In arbitration, the parties will have the right to conduct civil discovery and bring motions, as provided by the Federal Rules of Civil Procedure. However, any conflict between the Federal Rules of Civil Procedure and this Arbitration Agreement will be

resolved in favor of this Arbitration Agreement, such that this Arbitration Agreement governs. The parties may obtain discovery by any of the following methods:

- Depositions upon oral examination, three fact witnesses and one expert witness per side as of right, with more permitted if leave is obtained from the Arbitrator;
- Written interrogatories, up to a maximum combined total of twenty (20), with the responding party having thirty (30) days to respond;
- Request for production of documents or things, or permission to enter upon land or other property for inspection, with the responding party having thirty (30) days to serve a written response. Any motion to compel production or entry must be made to the Arbitrator within fifteen (15) days of receipt of objections; and
- Physical and mental examination, in accordance with Federal Rule of Civil Procedure 35(a).

All discovery requests must be submitted no less than sixty (60) days before the arbitration hearing date. The scope of discoverable evidence will be determined in accordance with Federal Rule of Civil Procedure 26(b)(1).

At least thirty (30) days before the arbitration hearing, the parties are to exchange lists of witnesses, including any experts, and copies of all exhibits intended to be used at the arbitration hearing. Each party will have the right to subpoena witnesses and documents for the arbitration, as well as documents relevant to the case from third parties.

The Arbitrator will have the power to enforce the aforementioned discovery rights and obligations by the imposition of the same terms, conditions, consequences, liabilities, sanctions, and penalties as can or may be imposed in like circumstances in a civil action by a federal court under the Federal Rules of Civil Procedure, except the power to order the arrest or imprisonment of a person.

11.10 Mass Arbitrations.

(a) To make arbitration more cost-effective and efficient, the parties agree that, if fifty (50) or more arbitration demands of a substantially similar nature are initiated against Contractor or Client within a one hundred eighty (180)-day period by the same law firm or collection of law firms that represents the other party ("**Mass Arbitration Demands**"), JAMS may assign up to fifty (50) similar arbitration claims to the same Arbitrator. Multiple claims assigned to the same Arbitrator shall each be resolved on an individual basis by the Arbitrator. The parties agree that the JAMS Mass Arbitration Procedures and Guidelines do not convert traditional, individual, bilateral arbitrations into representative or class arbitrations.

(b) Dispute Procedure.

(1) In the event Mass Arbitration Demands are filed, at the request of either party, an Arbitrator shall be selected pursuant to the JAMS rules for selection of an Arbitrator to act as a special master ("**Special Master**") to resolve threshold disputes regarding the propriety of some or all of the Mass Arbitration Demands. These threshold disputes may include, but are not limited to:

- Any dispute regarding filing fees owed with respect to the Mass Arbitration Demands, including whether claimants have submitted valid fee waivers;

- Any dispute regarding whether JAMS has complied with the Arbitration Agreement with respect to processing and administering the Mass Arbitration Demands;
- Any dispute regarding whether the demands have complied with all conditions precedent to commencing arbitration, including compliance with the informal dispute resolution procedure described in Section 11.6(a) above;
- Any dispute regarding whether claimants have ever provided services to Client;
- Any dispute regarding whether claimants are barred from proceeding with their claims based on a prior settlement agreement, violation of this Arbitration Agreement, or expiration of the statute of limitations;
- Any dispute relating to representation of the same claimant by multiple law firms;
- Any dispute regarding whether the Mass Arbitration Demands were filed with the correct arbitration provider;
- Any dispute regarding whether the Mass Arbitration Demands violate Rule 11 of the Federal Rules of Civil Procedure and/or any applicable state law equivalent;
- Any dispute regarding discovery common to all claims; and
- Any other dispute falling within JAMS's rules providing for the resolution of threshold disputes in a mass arbitration.

A party's written request to appoint a Special Master must specify the arbitration demands and threshold disputes that will be submitted to the Special Master.

(2) Any request to appoint a Special Master pursuant to this procedure shall be made within fifteen (15) days following filing and service (as described in Section 11.6(b)) of any arbitration demand that qualifies as part of the same group of Mass Arbitration Demands as defined in this Section, and may be made by providing written notice to JAMS, with a copy to the other party. Mass Arbitration Demands initiated by a different law firm or collection of law firms shall be considered a separate group of Mass Arbitration Demands and shall be administered separately. A party's request to appoint a Special Master need not be submitted in response to the first arbitration demand that triggers the mass arbitration dispute procedure (i.e., the 50th demand), and the request is subject only to the limitations set forth in this Section.

(3) Except as provided below, during the fifteen (15)-day period following the filing and service of any arbitration demand that qualifies as part of the same group of Mass Arbitration Demands, JAMS shall refrain from further processing of any demands that are part of the same group of Mass Arbitration Demands, and no further payment (i.e., other than amounts required to be paid by the party initiating arbitration at the time the arbitration demand is filed) for filing fees, administrative fees or costs, or Arbitrator fees shall be deemed due with respect to those demands. A party's decision not to invoke this procedure in response to a particular arbitration demand shall not constitute a waiver of any defense to any arbitration demand. Likewise, a party's decision not to invoke this procedure in response to a particular demand will not preclude the same party from later invoking the procedure in response to any other arbitration demand, including one that qualifies as part of the same group of Mass Arbitration Demands as an earlier-filed demand.

(4) Upon the request of either party to appoint a Special Master to resolve the issues listed in Section 11.10(b)(1), JAMS shall refrain from further processing of any of the Mass Arbitration Demands as to which a dispute has been raised. Except for the filing fees, administrative fees or costs, or Arbitrator fees that have already been assessed by JAMS at

the time of the request to appoint a Special Master, no payment for filing fees, administrative fees or costs, or Arbitrator fees shall be deemed due with respect to any of the Mass Arbitration Demands as to which a dispute has been raised until after the dispute(s) have been resolved by the Special Master. Notwithstanding this Section, Client shall be responsible for and agrees to pay JAMS's and the Special Master's fees and costs related to the proceedings before the Special Master.

(5) If timely requested by either party, any arbitration demand that is part of the same group of Mass Arbitration Demands and to which a dispute has been raised shall be included as part of the same Special Master proceeding, even if a Special Master proceeding is already pending at the time that the arbitration demand is filed, except that (i) a demand cannot be included if an Arbitrator has already been selected for that individual demand as provided in Section 11.7; and (ii) a demand might otherwise be considered part of the same group of Mass Arbitration Demands that is filed after proceedings before a Special Master have concluded shall be considered part of a different group of Mass Arbitration Demands.

(6) A Special Master appointed pursuant to the above procedure may award any party any appropriate remedy to which that party is entitled under applicable law (including, but not limited to, as set forth in Section 11.7) with respect to the issues presented to and decided by the Special Master, but shall have no authority to consolidate cases or decide issues related to the merits of the dispute or any other issues, except as specified above. After proceedings before the Special Master have concluded, to the extent any of the Mass Arbitration Demands are permitted to proceed, all such demands shall proceed on an individual basis only, and JAMS must administer them individually in accordance with the JAMS Rules and this Arbitration Agreement.

11.11 Compelling Arbitration/Enforcing Award. Either party may bring an action in court to compel arbitration under this Arbitration Agreement or to confirm, vacate or enforce an arbitration award, and each party shall bear its own attorney fees and costs and other expenses of such action where permitted by law. If either party files a motion to compel arbitration to enforce this Arbitration Agreement, and that motion is denied, the parties agree that, to the extent allowed under applicable law, all trial court proceedings shall be stayed pending the outcome of an interlocutory appeal challenging the order denying the motion to compel arbitration. The parties agree that such a stay avoids prejudice to both parties arising from the unnecessary and duplicative expenditure of resources litigating claims that may be sent to arbitration following the appeal.

11.12 Arbitration Fees and Costs. Each party shall follow the JAMS Rules applicable to initial arbitration filing fees, except that Contractor's portion of any initial arbitration filing fee shall not exceed the amount Contractor would be required to pay to initiate a lawsuit in federal court in the jurisdiction where the arbitration will be conducted. After Contractor has paid their portion of any initial arbitration filing fee, Client will make up the difference, if any, between the fee Contractor has paid and the amount required by the JAMS Rules. If required by applicable law, Client shall pay any costs uniquely associated with arbitration, such as payment of the fees of the Arbitrator, as well as room rental. Except in the case of offers of judgment, each party shall pay its own costs and attorneys' fees, if any. However, if any party prevails on a statutory claim which affords the prevailing party attorneys' fees and

costs, or if there is a written agreement providing for attorneys' fees and costs, the Arbitrator may award reasonable attorneys' fees and costs to the prevailing party. Any dispute as to the reasonableness of any fee or cost shall be resolved by the Arbitrator. At least ten (10) days before the date set for the arbitration hearing, any party may serve an offer in writing upon the other party to allow judgment on specified terms. If the offer is accepted, the offer with proof of acceptance shall be submitted to the Arbitrator, who shall enter judgment accordingly. If the offer is not accepted prior to the arbitration hearing or within thirty (30) days after it is made, whichever occurs first, it shall be deemed withdrawn and cannot be given in evidence in the arbitration. If an offer made by the respondent is not accepted by the claimant, and the claimant fails to obtain a more favorable award, the claimant shall not recover its post-offer costs or any recoverable fees, and shall pay the respondent's costs, from the time of the offer.

11.13 Governing Law. The Parties agree that the Agreement, as well as this Arbitration Agreement, evidences a transaction involving interstate commerce and that the Federal Arbitration Act, 9 U.S.C. § 1 *et seq.* ("FAA"), will govern its interpretation and enforcement, and proceedings pursuant thereto. It is the intent of the parties to be bound by the provisions of the FAA for all purposes, including, but not limited to, the interpretation, implementation, enforcement, and administration of this Arbitration Agreement, and that the FAA and the applicable arbitration provider's rules shall preempt all state laws to the fullest extent permitted by law. All statutes of limitations that would otherwise be applicable will apply to any arbitration proceeding. If the FAA and applicable arbitration provider's rules are found to not apply to any issue regarding the interpretation or enforcement of this Arbitration Agreement, then that issue shall be resolved under the laws of the state where Contractor most recently contracted with Client.

11.14 Term of Agreement. This Arbitration Agreement shall survive the termination of the Agreement. It can only be revoked or modified in a writing signed by both parties that specifically states an intent to revoke or modify this Arbitration Agreement.

11.15 Right to Opt Out. Agreeing to this Arbitration Agreement is not mandatory, nor is it a condition of the contractual relationship between Contractor and Client. If Contractor does not want to be bound by this Arbitration Agreement, they may opt out of this Arbitration Agreement, subject to the limitations set forth in this Section and in Section 11.3. To do so, within thirty (30) days of the date that this Arbitration Agreement is signed by Contractor, Contractor must send an email from their personal email address to legal@micro1.ai stating their intent to opt out of this Arbitration Agreement, as well as their name, phone number, and the city in which they reside.

An email sent by Contractor's representative or agent (including counsel), shall not be effective. Contractor's email may opt out only Contractor, and any email that purports to opt out any other individuals shall be void as to those other individuals. If Contractor does not opt out of this Arbitration Agreement within the thirty (30)-day period, the parties shall be bound by the terms of this Arbitration Agreement. Contractor will not be subject to retaliation of any kind if they exercise their right to opt out of this Arbitration Agreement.

Any opt out of this Arbitration Agreement shall not affect the validity of any other arbitration agreement between the parties. If Contractor opts out of this Arbitration Agreement and, at the time of their receipt of this Arbitration Agreement, they were bound by an existing agreement to arbitrate disputes, that arbitration agreement will remain in full force and effect.

11.16 Severability. If any provision of this Arbitration Agreement is adjudged to be void or otherwise unenforceable, in whole or in part, (i) the void or unenforceable provision shall be severed; (ii) severance of the unenforceable or unlawful provision shall have no impact whatsoever on the remainder of the Arbitration Agreement or the parties' ability to compel arbitration of any remaining claims on an individual basis pursuant to the Arbitration Agreement; and (iii) to the extent that any claims must therefore proceed on a class, collective, consolidated, or representative basis, such claims must be litigated in a civil court of competent jurisdiction and not in arbitration, but any portion of any claim(s) that are subject to arbitration on an individual basis shall proceed in arbitration and the parties agree that any remaining portions of those claim(s), as well as any other non-arbitrable claim(s), shall be stayed in court pending the completion of arbitration. For the avoidance of doubt, the merits of a claim shall be bifurcated from other portions of the claim, including remedies or requests for relief, to give maximum effect to this Arbitration Agreement and to facilitate the arbitration of any portion of any claim that may be arbitrated on an individual basis.

11.17 Voluntary Agreement. Contractor has the right to consult with counsel of their choice concerning this Arbitration Agreement and to be represented by counsel at any stage during the arbitration process. By executing this Arbitration Agreement, the parties represent that they have been given the opportunity to fully review, comprehend and negotiate the terms of this Arbitration Agreement. The parties understand the terms of this Arbitration Agreement and freely and voluntarily sign this Arbitration Agreement.

12. GENERAL

12.1. Assignment. Contractor may not assign, transfer or delegate this Agreement or any of the Services, in whole or in part, without Client's express prior written consent. Any attempt to assign or transfer this Agreement, without such consent, will be void. Subject to the foregoing, this Agreement will bind and benefit the parties and their respective successors and assigns. Client may transfer or assign this Agreement without Contractor's consent.

12.2. Equitable Remedies. Client will have the right to enforce this Agreement and any of its provisions by injunction, specific performance or other equitable relief, to the extent permissible under applicable laws, without having to post a bond or other consideration, in addition to all other remedies that Client may have for a breach of this Agreement at law or otherwise.

12.3. Attorneys' Fees. If any action is necessary to enforce the terms of this Agreement, the substantially prevailing party will be entitled to reasonable attorneys' fees, costs and

expenses in addition to any other relief to which such prevailing party may be entitled.

12.4. Governing Law. This Agreement shall be governed in all respects by the laws of the United States of America and by the laws of the State of Delaware, without giving effect to any conflicts of laws principles that require the application of the law of a different jurisdiction.

12.5. Severability. If any provision of this Agreement is held invalid or unenforceable by a court of competent jurisdiction, the remaining provisions of this Agreement will remain in full force and effect, and the provision affected will be construed so as to be enforceable to the maximum extent permissible by law.

12.6. Waiver. The failure by either party to enforce any provision of this Agreement will not constitute a waiver of future enforcement of that or any other provision.

12.7. Notices. All notices required or permitted under this Agreement will be in writing, will reference this Agreement, and will be deemed given when delivered via e-mail. All such notices will be sent to the e-mail addresses set forth above or to such other e-mail address as may be specified by either party to the other party in accordance with this Section.

12.8. Entire Agreement. This Agreement, together with all Statements of Work, constitutes the parties' complete and exclusive agreement regarding its subject matter and supersedes all prior or contemporaneous understandings, agreements, representations, and warranties, whether written or oral. This Agreement further terminates and replaces, in their entirety, all prior agreements between the parties, and no provision of any such prior agreement will survive, notwithstanding any survival, continuation, or similar clause contained therein, provided that any obligation or liability that accrued prior to the effective date of this Agreement will remain enforceable. Each party acknowledges that it has not relied on any statement, representation, assurance, or warranty not expressly set forth in this Agreement or a Statement of Work. No Statement of Work will amend this Agreement unless it expressly identifies the specific provision being amended and states that the amendment applies only to the Services under that Statement of Work. Any waiver, modification, or amendment of this Agreement must be in writing and signed by both parties.

12.9. Third-Party Rights. Except as otherwise provided, the parties do not intend that any term of this Agreement will be enforceable by any person who is not a party to this Agreement.

12.10. Counterparts; Electronic Signatures. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. Except where prohibited by law, the parties consent to use Deel's electronic signature service to execute this Agreement and agree that such signatures are valid and binding on the parties.

DATE: [SIGNED_DATE]

This Statement of Work is issued under and subject to all of the terms and conditions of Contractor Agreement dated as of [CONTRACT_SIGNED_AT], between Client and Contractor.

Statement of Work Effective Date	August 1, 2026
Type of Contract	Pay As You Go
Start Date	August 1, 2026
Scope of work	Any AI model training task assigned by the project leadership
Payment Currency	USD - US Dollar
Payment Rate / Amount	\$60.00 per hour
On-target Payment	N/A
First Payment Date	August 20, 2026
Invoice Cycle	Semi-monthly, ends the 15th and the last of the month
Payment Due	After 5 day(s) following cycle ending
Pay Before Weekends	No
Contract End Date	Not specified
Termination Notice Period	5 day(s)

Special Clauses	Notwithstanding anything to the contrary herein, and regardless of the actual hours spent per task, Contractor will be paid upon task completion (as determined by Client's project leadership) according to the following payout structure. Per-Task Payout (Trainer): • Easy Task: 3.5 times the Contractor's hourly rate per completed task.. • Medium Task: 5.0 times the Contractor's hourly rate per completed task.. • Hard Task: 7.0 times the Contractor's hourly rate per completed task.. Task Tier Definition: For purposes of this Agreement, task difficulty is determined as follows: • Easy: at least three (3) different AI models must each fail at least one (1) out of four (4) runs.. • Medium: at least one (1) AI model must fail all four (4) out of four (4) runs.. • Hard: all AI models must fail all four (4) out of four (4) runs.. For the avoidance of doubt, compensation shall be based solely on successful task completion and the applicable task tier, and shall not be determined by the actual time spent completing the task. Peer Review: For work performed in a Reviewer capacity, Contractor will be paid at a rate of 1 times the hourly rate per completed review, regardless of the actual time spent, and regardless of the difficulty tier of the task reviewed.
